

# Kearsarge Trail Snails News

## Welcome Back!

Where did the summer go? By the time you read this, Labor Day will also be a memory. Everything in the club is good, our construction and equipment grants were approved, and the new Skandic and drag are on order. Our first meeting is September 11, 2008 at 7:30pm in the lower meeting room at the Warner Town Hall, I hope to see you there.

The new slate of officers elected at our April meeting are shown below. Please remember to get your membership applications back to us as soon as possible. This will help insure that you don't miss any issues of the Sno-Traveler newspaper.

Please give me a call with any questions or comments. 603-456-3319

April 9 Annual Meeting & Election of Officers - Warner Town Hall 7:30PM

**Trail Maintenance – Important to our sport**

As always we will begin trail clearing and maintenance activities in earnest this fall. Each year we experience events that require attention before we can ride our trails safely. Those include tree blow downs, washouts, bridge damage, and in some instances, the rerouting of trails.

Please consider giving a few hours this

fall to help us maintain our trails, remember ~

Every hour counts!

Don't be discouraged if you can only spare an hour or two on Sunday mornings this fall. That hour or two is going to make a world of difference when the snow starts to fall.

**Check the Website for Important Information**

Please remember to check the club's website at [www.kearsargetrailsnails.com](http://www.kearsargetrailsnails.com) for all club news and events.

Thank you to each and every member for your on-going support of the club. It is because of your involvement and

participation that the club is such a success!

We look forward to seeing you at a meeting or club function!
