

Kearsarge Trail Snails News

Welcome Back!

Welcome back from summer fellow KTS members! This newsletter marks the beginning of our 2007 – 2008 season. Included with this mailing (on the bottom back page), you will find our membership renewal form. PLEASE cut it out and send in with your renewal – or better yet, save a stamp and BRING it to the first meeting of the season on Thursday September 13th !!!

Please take this opportunity to renew your KTS membership early.

By renewing early, you ensure that you will continue to receive the Sno-traveler uninterrupted. In-addition, your dues help sustain the club through the “interim” months when we don’t realize income from grooming operations.

As we are all aware, the income from

grooming has been substantially reduced for most clubs in New Hampshire over the past few seasons as a result of the late/non-existent snow fall. The operational costs of the club, however continue. Insurances, administration costs, etc. quickly put a drain on the club’s assets at this time of year. Your dues help bridge that gap.

Severe Weather Damages Trails

As always we will begin trail clearing and maintenance activities in earnest this fall. All clubs have experienced the severe weather of late, causing many tree blow downs, washouts and bridge damage.

This damage will have to be dealt with prior to our riding season start.

Every hour counts!

Don't be discouraged if you can only spare an hour or two on Sunday mornings this fall. That hour or two is going to make a world of difference when the snow starts to fall.

Check the Website for Important Information

Please remember to check the club's website at www.kearsargetrailsnails.com for all club news and events.

Thank you to each and every member for your on-going support of the club. It is because of your involvement and

participation that the club is such a success!

We look forward to seeing you at a meeting or club function!
